

# The Bluebeam Project

**Finale 2010-2012(?) to install Lucifer-the Sun God, the Light Bringer, Antichrist, false Prophet, One World Religion, the NWO.**

**A slave is one who waits for someone to come and free him.**

Remember that the new age religion is the very foundation for the new world government, without which religion the dictatorship of the new world order is completely impossible. Again, without a universal belief in the new age religion (and the Years 2012), the success of the new world order will be impossible!

## The four steps of the Blue Beam Project

- 1. step concerns the breakdown of all archeological knowledge. They need some false "proof" from the far past that will prove to all nations that their religions have all been misinterpreted and misunderstood.
- 2. step involves a gigantic "space show" with three dimensional optical holograms and sounds, laser projection of multiple holographic images. "god's" voice will be speaking in all languages and in every human.
- 3. Artificially induced thought and communication from satellites now in place to our brains.
- 4. Universal and supernatural manifestations via electronics causing us to believe in an imminent invasion or rapture.
