

Feigned Space Invasion- Recalling "Blue Beam"

Stephen Hawking, the world's most famous astrophysicist, recently warned earthlings not to make contact with aliens from outer space.

"If aliens ever visit us, the outcome would be much as when Columbus landed in America, which didn't turn out well for the Native Americans," Hawking warned. The very fact that the mainstream media picked this up makes me suspicious. The MSM does not promote anything that is not in line with the NWO agenda. Something's coming down the pike at us. We have been saturated with "invasion" movies for decades now. While the majority of people know these to be science fiction, a seed has been planted in their minds that would only take certain circumstances to grow. I firmly believe that we are now being inculcated with these circumstances.

The concept of an invading alien force will bring the entire planet together in a united effort to repel the danger. This, of course, will make us one government, one currency and one religion. The mechanism for this is being put in place, even as we speak: Project Blue Beam.

I will only quote from the article the first paragraphs that are relevant here.

"The infamous NASA [National Aeronautics and Space Administration] Blue Beam Project has four different steps in order to implement the new age religion with the Antichrist at its head. We must remember that the new age religion is the very foundation for the new world government, without which religion the dictatorship of the new world order is completely impossible. I'll repeat that: Without a universal belief in the new age religion, the success of the new world order will be impossible! That is why the Blue Beam Project is so important to them, but has been so well hidden until now.

Engineered Earthquakes & Hoaxed 'Discoveries'

The first step in the NASA Blue Beam Project concerns the breakdown [re-evaluation] of all archaeological knowledge. It deals with the set-up, with artificially created earthquakes at certain precise locations on the planet, of supposedly new discoveries which will finally explain to all people the "error" of all fundamental religious doctrines. The falsification of this information will be used to make all nations believe that their religious doctrines have been misunderstood for centuries and misinterpreted. Psychological preparations for that first step have already been implemented with the film, '2001: A Space Odyssey;' the StarTrek series, and 'Independence Day;' all of which deal with invasions from space and the coming together of all nations to repel the invaders. The last films, 'Jurassic Park,' deals with the theories of evolution, and claim God's words are lies. <http://i.am/jah/evolut.htm>

Hoaxed "Discoveries"

What is important to understand in the first step is that those earthquakes will hit at different parts of the world where scientific and archaeological teachings have indicated that arcane mysteries have been buried. By those types of earthquakes, it will be possible for scientists to rediscover those arcane mysteries which will be used to discredit all fundamental religious doctrines. This is the first preparation for the plan for humanity because what they want to do is destroy the beliefs of all Christians and Muslims on the planet. To do that, they need some false 'proof' from the far past that will prove to all nations that their religions have all been misinterpreted and misunderstood.

The Big Space Show in the Sky

The second step in the NASA Blue Beam Project involves a gigantic 'space show' with three-dimensional optical holograms and sounds, laser projection of multiple holographic images to different parts of the world, each receiving a different image according to predominating regional national religious faith. This new 'god's' voice will be speaking in all languages. In order to understand that, we must study various secret services' research done in the last 25 years. The Soviet's have perfected an advanced computer, even exported them, and fed them with the minute physio-psychological particulars based on their studies of the anatomy and electromechanical composition of the human body, and the studies of the electrical, chemical and biological properties of the human brain. These computers were fed, as well, with the languages of all human cultures and their meanings. The dialects of all cultures have been fed into the computers from satellite transmissions. The Soviets began to feed the computers with objective programs like the ones of the new messiah. It also seems that the Soviets - the new world order people - have resorted to suicidal methods with the human society by allocating electronic wavelengths for every person and every society and culture to induce suicidal thoughts if the person doesn't comply with the dictates of the new world order.

There are two different aspects of step two.

The first is the 'space show.' Where does the space show come from? The space show, the holographic images will be used in a simulation of the ending during which all nations will be shown scenes that will be the fulfillment of that which they desire to verify the prophecies and adversary events.

These will be projected from satellites onto the sodium layer about 60 miles above the earth. We see tests every once in a while, but they are called UFOs and "flying saucers" sightings.

The result of these deliberately staged events will be to show the world the new 'Christ,' the new messiah, Matraia (Maitreya), for the immediate implementation of the new world religion. Enough truth will be foisted upon an unsuspecting world to hook them into the lie. "Even the most learned will be deceived."

The project has perfected the ability for some device [referred to as "tractor beams" by ufologists].to lift up an enormous number of people, as in a Rapture, and whisk the entire group into a never-never land *We see tests of this device in the abduction of humans by those mysterious little alien greys who snatch people out of their beds and through windows into waiting "mother ships."* The calculated resistance to the universal religion and the new messiah and the ensuing holy wars will result in the loss of human life on a scale never imagined before in all of human history.

The Blue Beam Project will pretend to be the universal fulfillment of the prophecies of old, as major an event as that which occurred 2,000 years ago. In principle, it will make use of

the skies as a movie screen (on the sodium layer at about 60 miles) as space-based laser-generating satellites project simultaneous images to the four corners of the planet in every language and dialect according to the region. It deals with the religious aspect of the new world order and is deception and seduction on a massive scale.

Computers will coordinate the satellites and software already in place will run the sky show. Holographic images are based on nearly identical signals combining to produce an image or hologram with deep perspective which is equally applicable to acoustic ELF, VLF and LF waves and optical phenomena. Specifically, the show will consist of multiple holographic images to different parts of the world, each receiving a different image according to the specific national, regional religion. Not a single area will be excluded. With computer animation and sounds appearing to emanate from the very depths of space, astonished ardent followers of the various creeds will witness their own returned messiahs in convincing lifelike reality.

Then the projections of Jesus, Mohammed, Buddha, Krishna, etc., will merge into one after correct explanations of the mysteries and revelations will have been disclosed. This one god will, in fact, be the Antichrist, who will explain that the various scriptures have been misunderstood and misinterpreted, and that the religions of old are responsible for turning brother against brother, and nation against nation, therefore old religions must be abolished to make way for the new age new world religion, representing the one god Antichrist they see before them.

Naturally, this superbly staged falsification will result in dissolved social and religious disorder on a grand scale, each nation blaming the other for the deception, setting loose millions of programmed religious fanatics through demonic possession on a scale never witnessed before. In addition, this event will occur at a time of profound worldwide political anarchy and general tumult created by some worldwide catastrophe. The United Nation even now plans to use Beethoven's 'Song of Joy' as the anthem for the introduction for the new age one world religion. If we put this space show in parallel with the star wars program we get this: combination of electromagnetic radiation and hypnosis which have also been the subject of intensive research.

In 1974, for instance, researcher G. F. Shapits, said of one of the research proposals that, '...in this investigation it will be shown that the spoken words of the hypnotist may also be converted by electromagnetic energy directly and to the subconscious part of the human brain without employing any mechanical device for receiving or transcoding the message, and without the person exposed to such influence having a chance to control the information input consciously. It may be expected that the rationalized behavior will be considered to have been taken out of their own free will.'"

If any of this is even slightly true, we, as a free people, are in great danger, and not from outer space but by our own governments. The Illuminati seem to have us firmly in their grip. As they continue to corral well known and respected scientists (Hawking) and celebrities like Tom Cruise, their agenda of total domination, slavery, population reduction and Satan worship, will take place without a hitch. It is up to us to stop them by being aware of their plans and to spread the word as quickly as possible.

It is not for us to take to the streets in protest or revolt. That is what they want and they will slaughter us like dogs. The only protection we have is awareness and understanding of what's happening to us, waking up a sleeping public, the gathering of resources for survival and an unshakable faith in God to see us through. For this final battle will be for our souls. They already have the planet.

I know which side I am on. Do you?
