How the "Holocaust" was faked

The alleged "Holocaust" of "6 million Jews" at the hands of Adolf Hitler and National Socialist Germany during WWII is *the biggest lie* ever foisted upon humanity. The very idea that the Germans organized and executed a complex conspiracy involving "homicidal gas chambers" and other barbaric, sadistic forms of mass murder designed to exterminate European Jewry during WWII is laughable on its face when you stop and objectively think about it.

National Socialist Germany and her allies were fighting a multi-front war against some of the most powerful nations in the world at the time, including the United States, the British Empire, and the Soviet Union. The idea that they would divert their precious and extremely scarce resources and manpower towards implementing a systematic campaign of mass murder specifically designed to annihilate European Jewry is *absurd*.

There was no German conspiracy to systematically genocide and destroy European Jewry during WWII. There were no "homicidal gas chambers" utilized to murder Jews and other "undesirables". The system of concentration camps throughout much of Europe developed and administered by the Germans and their allies during WWII was simply a network of labor, transit, industrial and detention facilities - not "death camps". Jews, political prisoners and Communist subversives (many of whom were in fact Jewish), homosexuals and many others were detained and either put to work or imprisoned in German-administered concentration camps and industrial facilities throughout Europe.

These forced laborers and prisoners were well-cared for, at least until the end of the war when Germany's supply lines broke down and chaos ensued as a result of the Soviet and Anglo-American invasion of German territory. They were well-fed, well-provided for, and given medical treatment and entertainment. They were allowed to attend concerts, organize plays, make music and play sports. If the Germans were hell bent on murdering these people, why would they provide medical care for them and allow them to entertain themselves?

The entire WWII narrative, especially the fake "Holocaust" story, is basically *the exact opposite* from what we've been told and taught.

The Jewish Bolshevik terrorists who overthrew the Russian monarchy during WWI and their allies - the USA and the UK, primarily - committed the real atrocities and genocides against the German people and their sympathizers during and after WWII. The British and Americans engaged in a systematic fire-bombing campaign specifically targeting German industrial and urban areas for destruction. Major cities all throughout Germany were fire-bombed on a regular basis, resulting in the horrific death for millions of innocent German civilians - men, women and children.

The Allies sunk German civilian ships escaping the rampaging Soviet Red Army towards the end of the war, ending the lives of countless innocent civilians including, ironically enough, many Eastern European Jews fleeing from the advancing Red Army. The barbaric, out-of-control Red

Army was encouraged to rape, pillage, torture and murder Germans as they advanced into German territory, and they did. Hundreds of thousands of German POWs and civilians were starved and murdered after the war, often suffering gruesome deaths from exposure, thirst and torture at the hands of the victorious and ruthless Allies. The National Socialist political, cultural and educational establishment was systematically dismantled and destroyed, with many top officials and leaders murdered, tortured, robbed, imprisoned and otherwise mistreated.

Jewish propagandists have entirely reversed the reality of the situation using their control of the media, and have blamed the Germans for starting the war and committing all the alleged atrocities, when in reality the Germans and their allies were the most disciplined, honorable and righteous forces fighting in that fratricidal Jewish-instigated war. The German people and their allies were the ones who experienced a genuine holocaust - a real genocide - during WWII, *not the Jewish population of Europe*.

The simple fact of the matter is that the "Holocaust" narrative - 6 million Jews persecuted, abused, and systematically exterminated by "those evil Nazis" during WWII - endlessly promoted and perpetuated by the Jewish-owned mass media, Hollywood and "entertainment" complex, and educational and political establishment is 100% bogus in virtually all respects. The Germans simply wanted the Jews out of Germany, clearly and correctly recognizing them as an alien, hostile and treacherous force working to subvert, pollute and destroy the German nation and Western civilization.

Jews were encouraged to leave Germany, and many did. Others were imprisoned or detained in the various labor and concentration camps established and administered by National Socialist Germany, and were well provided for. They were certainly not killed using "homicidal gas chambers" and other sadistic forms of murder in a systematic campaign to eliminate European Jewry.

But how exactly was such a monstrous hoax manufactured and presented to the public as if it actually happened? What follows is a brief overview identifying the primary means in which the alleged Jewish "Holocaust" during WWII was faked and sold to the public as if it were a genuine aspect of our collective history in order to advance certain geopolitical, cultural and economic agendas.

The role of Allied propaganda before, during and after WWII

The fake Jewish "Holocaust" narrative is really just an extension of an on-going anti-German propaganda campaign going back to WWI. During WWI, Western (often Jewish) propagandists targeted Germany and her armed forces with ridiculous "atrocious propaganda", alleging in their newspapers and other media outlets that the Germans were engaging in barbaric, ruthless behavior, including raping and murdering innocent civilians.

Typical anti-German propoganda: the Germans were the most honorable and righteous fighting force during WWI and WWII.

This propoganda would be true if it depicted a Soviet Bolshevik Jew Commissar rather than a German.

The fabricated idea that "millions of Jews" in Europe were being exterminated by the Germans and other "fascists" was regularly promoted by Jewish propagandists and their allies in the West beginning in 1915 during WWI. This slanderous, entirely false accusation had been and continues to be endlessly promoted to the often gullible and susceptible Western public, resulting in extremely negative anti-German sentiment, not to mention the widespread belief that the Germans did in fact commit these outrageous (although quite ridiculous) atrocities. The following video demonstrates this point perfectly:

During and immediately following WWII, deceitful propagandists continued to level this "atrocious propaganda" against the Germans in order to demonize them and prepare the Western world for the institutionalization of the myth of "6 million Jews murdered by the Nazis". Western and Soviet propagandists, including psychological warfare specialists in the United States Army and individuals connected to Hollywood, were involved in manufacturing "evidence" - including fake, altered or otherwise misrepresented photographs and videos, "human lampshades", "shrunk heads" and other absurd props - which was used to "demonstrate" to the world that the Germans did in fact commit outrageous atrocities during the war, particularly at the various concentration camps and industrial facilities under their administration. Dave Mansfield of MindWideOpen.net and Mike King of TomatoBubble.com recently collaborated and produced the following video underscoring the points I am making here:

The propaganda used to sell the idea of a "Jewish Holocaust" is extremely emotionally and psychologically exploitative, resulting in psychological trauma and an inability for the broad masses to objectively evaluate the information they are being presented with. This will be discussed in more detail as we continue.

The role of the Nuremberg show trials

Following Germany's defeat in WWII, the Allied countries organized a series of military tribunals often referred to simply as the [Nuremberg Trials](#). The trials consisted of the International Military Tribunal and the Nuremberg Military Tribunal. The Nuremberg Trials were a total sham - "show trials" if there ever were any.

The trials were essentially organized to not only demonize, vilify and falsely blame the Germans for initiating the war and committing all of the "atrocities" and "war crimes", but also to whitewash and cover up the very real crimes committed by the Allies in addition to officially institutionalizing the fake Jewish "Holocaust" narrative.

Fabricated evidence and false testimony was introduced by the Allies, and many of the German defendants were physically and psychologically tortured or otherwise coerced into making false confessions during the trials.

The role of fabricated, altered or otherwise misrepresented imagery associated with the "Holocaust" and alleged "Nazi death camps"

Virtually all of the iconic imagery associated with the alleged Jewish "Holocaust" turns out to be either entirely fabricated, altered or *extremely misrepresented* and taken out of context.

The imagery associated with the "Holocaust" - photographs of piles of dead bodies, emaciated prisoners, Jews being "rounded up", train cars filled with dead people, etc. - has been used to psychologically traumatize the masses, rendering them vulnerable to manipulation and facilitating the fake narrative of "6 million Jews murdered by the Nazis" to be literally *implanted in their minds*.

A prime example is this iconic photograph, which a simple Google search for "Buchenwald concentration camp" turned up:

Or this one:

Images like this showing piles of dead, emaciated bodies have been shown to unsuspecting audiences, inducing psychological trauma and fear in their minds, in order to sell the idea that the Germans systematically murdered millions of people (especially Jews) in "death camps". The fact of the matter is that when the war was ending, the German-administered labor and industrial camps were not supplied and many people did in fact perish in horrible conditions. But that does not prove that the Germans were systematically murdering people in these camps. It simply demonstrates how deceitful, brazen and ruthless the Western and Soviet propagandists were in

their efforts to demonize and slander the Germans.

Also, some of the iconic imagery associated with the Jewish "Holocaust" turns out to be photographs of dead German civilians murdered in Allied fire-bombing campaigns, which were presented to the masses as "proof" of German atrocities. Again, the shameless, deceitful behavior of the Western Allies and their Soviet Communist partners knows no bounds.

The iconic "Holocaust" imagery shown repeatedly to mass audiences is *never* put into context. The images are simply shown, and we are expected to believe that the "Holocaust" was a real event.

The aforementioned Dave Mansfield of MindWideOpen.net produced the following short video highlighting some of the more brazenly fabricated photographs that have been used to demonize the Germans and support the fake Jewish "Holocaust" narrative:

The vast majority of people *have never* objectively investigated the claims being made about the alleged "Holocaust" simply because of the psychological trauma and fear induced by the imagery (and "Holocaust survivor" and other "eye witness testimony", which is also extremely traumatic and psychologically and emotionally exploitative).

The role of "Holocaust survivors" and other "eye witnesses" of "Nazi atrocities"

In addition to the iconic imagery associated with the fake Jewish "Holocaust", which as we've seen has been either taken out of context or entirely fabricated, the testimony of alleged "Holocaust survivors" and other "eye witnesses" of "Nazi atrocities" has been used to effectively psychologically and emotionally exploit the masses in order to instill in their minds the entirely fabricated and deceitfully manufactured narrative of "6 million Jews murdered at the hands of the National Socialists" during WWII.

The courageous historical revisionist and film producer [Eric Hunt](#) has done a masterful job not only debunking the claims about the fake Jewish "Holocaust", but also demonstrating how entirely ridiculous and absurd the "testimony" alleged "Holocaust survivors" have given truly is.

In virtually all cases, the alleged "Holocaust survivors" are either *entirely fabricating* or *outrageously embellishing* their experience during WWII **or** they are **providing testimony that actually discredits and disproves certain aspects of the official "Holocaust" narrative** (particularly as it relates to the alleged "extermination camps" in the East often referred to as the "Aktion Reinhard death camps" or "death factories"). I recently interviewed Eric Hunt on [The Realist Report](#), which you can download [here](#). Be sure to take the time and watch [The Last Days of the Big Lie](#) and [The Jewish Gas Chamber Hoax](#), both of which were produced by Eric.

The role of Jewish Hollywood and the organized international Jewish community

Since WWII, an entire industry relating to the fake "Holocaust" has arisen in the West. Disgusted by [the outrageously brazen corruption](#) emanating from the deceitful, exploitative leaders and

representatives of "Holocaust survivors", Jewish academic Norman Finkelstein wrote a book discussing and exposing what he calls *The Holocaust Industry*. Organized Jewish interests and their lobbies have successfully created an extremely lucrative financial and sympathy racket based on their false, entirely fabricated narrative of "6 million Jews murdered by the Nazis" during WWII.

"At the end of the twentieth century, the 'Holocaust' is being bought and sold," wrote [Tim Cole](#), a Professor of History specializing in the "Holocaust" at Bristol University, in his book *Selling the Holocaust: From Auschwitz to Schindler, How History is Bought, Packaged and Sold*. "In short, 'Shoah [Hebrew word for Holocaust] business' is big business." (See [here](#) and [here](#) for more.)

The "Holocaust" is indeed an industry at this point - a commodity endlessly pushed and promoted by academia, politicians, government officials, international political organizations such as the UN, media moguls, Hollywood producers, organized Jewish groups, the Jewish state of "Israel" and others connected to the "Holocaust" racket.

Hollywood and the "entertainment" complex in the West - which is virtually entirely owned and dominated by Jews with deep ties to the Jewish state of "Israel" and the "Holocaust" industry - have produced countless propaganda films masquerading as objective depictions of experiences of European Jews during WWII. These films and documentaries have served to perpetuate, reinforce and even expand upon the false, entirely fabricated narrative of "6 million Jews systematically genocided by the Nazis" which has been manufactured and sold to the public during and after WWII.

There are countless "Holocaust" museums and memorials all across the globe, many of which receive official state funding and endorsement, including the U.S. Holocaust Memorial Museum in Washington, DC. Not a day goes by without a mention of the fake "Holocaust" story in the mass media, entertainment complex, or political establishment. This false narrative is constantly being reinforced and perpetuated to the public on a daily basis, often in the most crass, deceptive,

and emotionally exploitative ways imaginable.

The fake "Holocaust" narrative has advanced a number of important geopolitical, cultural and economic agendas primarily benefitting international Jewry and the illegitimate Jewish state of "Israel", including:

1. Elevating the alleged "suffering and persecution" of the Jewish people during WWII specifically, and all throughout history generally, over all others;
2. Covering up the crimes committed by Jewish terrorists, Communists and propagandists prior to, during and after WWII by projecting those crimes (and even fabricating new ones) on to the German armed forces and their allies;
3. Creating an extremely lucrative financial and sympathy racket, netting the Jewish state of "Israel" and the organized international Jewish community billions of dollars annually;
4. Serving as a basis for the creation of the Jewish state of "Israel", while excusing and justifying the genocidal, illegal policies she has pursued since her founding;
5. and demonizing the one man - Adolf Hitler - and his political movement who stood up for their country and race against the Talmudic forces of internationalism and globalism seeking the subjugation and ultimate destruction of the White race and all genuine nationalities, ethnicities and cultures.

That is how the "Holocaust" was faked, and what agenda this fabricated, insidious and deceitfully manufactured narrative has and continues to advance on a daily basis.

Writing in *Mein Kampf*, Adolf Hitler described the Jews as having an "**unqualified capacity for falsehood,**" and would go on to explain the concept of the Big Lie technique of psychological warfare and propaganda, which organized Jewry has used masterfully throughout history and to this very day, especially concerning the alleged "Holocaust" narrative, in order to falsify history and psychologically exploit mass audiences:

[...] **in the big lie there is always a certain force of credibility;** because **the broad masses of a nation are always more easily corrupted in the deeper strata of their emotional nature** than consciously or voluntarily; and thus in the primitive simplicity of their minds **they more readily fall victims to the big lie than the small lie,** since they themselves often tell small lies in little matters but would be ashamed to resort to large-scale falsehoods. It would never come into their heads to fabricate colossal untruths, and they would not believe that others could have the impudence to distort the truth so infamously. **Even though the facts which prove this to be so may be brought clearly to their minds, they will still doubt and waver and will continue to think that there may be some other explanation.** For the grossly impudent lie always leaves traces behind it, even after it has been nailed down, a fact which is known to all expert liars in this world and to all who conspire together in the art of lying. These people know only too well how to use falsehood for the basest purposes.

Keep these profound insights in mind the next time you are exposed to the endless barrage of "Holocaust" propaganda emanating from Jewish Hollywood, the mass media and the educational and political establishment in America and around the world.
