

**"The most toxic drug that has ever been licensed
for long term consumption in the free world.
... AZT is a prescription drug and according to
the manufacturer itself it causes symptoms that are
indistinguishable from AIDS.
So I would say it is not arrogant for me
to say that AZT is AIDS by prescription."

A.I.D.S. is Man-made

To All,

During my talks in Las Vegas last weekend I revealed a few things about aids that I have been keeping close to my chest. I have already revealed that I saw that AIDS was man made to eliminate the undesirable elements of society while I was attached to Naval Security and Intelligence. I stated this fact in my paper "The Secret Government." Now for the rest of the story.

The first study was made in 1957 by scientists meeting in Huntsville Alabama. That study resulted in "Alternative 3." Another study was made by the Club of Rome in 1968 to determine the limits to growth. The result of the study was that civilization as we know it would collapse shortly after the year 2000 unless the population was seriously curtailed. Several Top Secret recommendations were made to the ruling elite by Dr. Aurelio Peccei of the Club of Rome. The chief recommendation was to develop a microbe which would attack the auto immune system and thus render the development of a vaccine impossible.

The orders were given to develop the microbe and to also develop a cure and a prophylactic. The microbe would be used against the general population and would be introduced by vaccine administered by the World Health Organization. The prophylactic was to be used by the ruling elite. The cure will be administered to the survivors when they decide that enough people have died. It will be announced as newly developed. This plan was called Global 2000. The cure and the prophylactic are suppressed. Funding was obtained from the U.S. Congress under H.B. 15090 where \$10 million was given to the Department of Defence to produce "a synthetic biological agent, an agent that does not naturally exist and for which no natural immunity could have

been acquired." "Within the next 5 to 10 years it would probably be possible to make a new infective microorganism which could differ in certain important aspects from any known disease causing organisms.

Most important of these is that it might be refractory to the immunological and therapeutic processes upon which we depend to maintain our relative freedom from infectious disease." The project was carried out at Fort Detrick Maryland. Since large populations were to be decimated the ruling elite decided to target the "undesirable elements of society" for extermination. Specifically targeted were the black, hispanic, and homosexual populations. The name of the project that developed AIDS is MKNAOMI. The African continent was infected via smallpox vaccine in 1977. The U.S. population was infected in 1978 with the hepatitis B vaccine through the Centers for Disease Control and the New York Blood Center. You now have the entire story. The order was given by the POLICY COMMITTEE of THE BILDERBERG GROUP based in Switzerland. Other measures were also ordered. The one you will be able to check the easiest is the Haig - Kissinger Depopulation Policy which is administered by the State Department.

To aid you in your research of this CRIME the name of the report was "THE LIMITS TO GROWTH" A REPORT FOR THE CLUB OF ROME'S PROJECT ON THE PREDICAMENT OF MANKIND. In April 1968 the study began in the Accademia dei Lincei in Rome Italy. They met at the instigation of Dr. Aurelio Peccei. The Top Secret recommendations of the results of the study were made by Dr. Aurelio Peccei who pledged not to use the prophylactic and not to take the cure should the microbe be developed and should he contract the disease. Dr. Peccei was hailed as a great hero for deciding to take the same risk as the general population. The public results of the study were published in 1972. The MIT project team that participated in the study are listed below:

Dr. Dennis L. Meadows, director, United States

Dr. Alison A. Anderson, United States (pollution)

Dr. Jay M. Anderson, United States (pollution)

When the study was completed in 1969 U.N. Secretary General U Thant made this statement: "I do not wish to seem overdramatic, but I can only conclude from the information that is available to me as Secretary-General, that the Members of the United Nations have perhaps ten years left in which to subordinate their ancient quarrels and launch a global partnership to curb the arms race, to defuse the population explosion, and to supply the required momentum to development efforts. If such a global partnership is not forged within the next decade, then I very much fear that the problems I have mentioned will have reached such staggering proportions that they will be beyond our capacity to control." U Thant, 1969

MKNAOMI was developed by the Special Operations Division (SOD) scientists at Ft. Detrick, Maryland under the supervision of the CIA and for the CIA. A reference to the project MKNAOMI can be found in "The Intelligence Community" By Fain et al, Bowker, 1977.

I swear that all of the above information is true and correct to the best of my memory and knowledge. I give this information to the people of the world in hopes that someone will have the courage and resources to help me end this madness. The illuminati (the order) are in complete control of most of the world and they have

declared war against the general populations of all nations. We must stop them at all costs. Please help me for I cannot do it alone. Please send this file without editing to everyone that you know and ask them to do the same. God bless you all.
